

Community Emergency Plan for Ampney Crucis Parish Council

1. PURPOSE

The aim of the Community Emergency Plan - is to increase resilience within the local community before, during and after emergencies, and to link into the emergency response systems of local authorities and emergency services.

This Plan documents how Ampney Crucis Parish Council would respond in an emergency situation, while awaiting the assistance of statutory authorities/emergency services, or in support of those services.

It is not the role of the community to take on the responsibilities of these agencies e.g. to save life, to take any risks to themselves or to cope for long hours without agencies' help and support.

Objectives

- To provide details for key community contacts with whom authorities can liaise in an emergency
- To identify likely risks to the community and relevant response actions
- To identify resources (including a local ' Place of Safety') in the community to assist during an emergency
